

**TEAM 1**

**Create a vocal/sound background for the picture. Write your list of sounds here and then try and produce those sounds.**

## **TEAM 2**

**Try to create a monologue, the old woman's thoughts. Write your ideas here, then decide which team member will read it.**

### **TEAM 3**

**You are the old woman's children or grandchildren and have to write a few sentences about your mother/grandmother. Write your ideas (letter, e-mail, diary page) here, then decide which team member will read your text.**

#### **TEAM 4**

**You are the old woman's neighbours and you have to say what you think about the old lady (you can imagine the text as two neighbours gossiping on the phone or in front of the house). Write your ideas here, and then decide which team member will read your text (if you decide to write a dialogue, two members of the group will read)**
