

Food and Plastics

1. **Brainstorm:** Write down food and objects made of plastic around us.

2. **Let's investigate:**

- Look for a picture of the food pyramid and identify the nutrients in the food.
- Look for objects made of plastic that have the different identification symbols.

3. **Forum:** what do you think the nutrients in the food pyramid and plastics have in common?

4. Complete the table:

COMPOUNDS	EXAMPLES (picture)	ELEMENTS	FUNCTIONS
CARBOHYDRATES			
LIPIDS			
PROTEINS			
NUCLEIC ACIDS
